THE BRISBANE BULLETIN

Hello, fellows: Not much news this week--except that ex-Navyman John Clancy, now discharged and back at work at the Brisbane Postoffice--is a brand new "Unkie"---brother Stan & wife Shirley having proudly parented little Vonnetta Stanley, born late in February. And the Army's Dave Tracy is a brand-new brother-in-law since kid brother Johnny ups and got married to popular and pretty Pat Henry.

This week's mail brought only one letter--from the above-mentioned new brother-in-law. Obviously he hadn't heard the news yet when he wrote this letter:

NORTH KOREA
3/2/52

Dear Reeces:

Received your little card requesting an address and postage check---I happen to have a new address, so guess it's about time to drop a few lines. I'm no longer living the soft, easy life. To give you an idea of what I mean--I dropped over and saw Rod Gregory yesterday afternoon. We spent the rest of the day and half of the night yakety-yakking about good old Brisbane!

Jack Zaragoza should be home before very long. Of all the luck! I went over to see him the 26th of February, and he had already gone on the 25th! Lucky lad.

Your new system of sending two Bylines at once is a lot better. They arrive so much sooner. Cant think of much else to say, so guess I'd better close for now. Just want to say I appreciate and look forward to receiving the Byline.

So long for now---

PFC DAVE TRACY.

New address: 377 Trans Truck Co.
APO 301--c/o Postmaster, San Francisco, California.

Well thankee Dave, for the nice letter. You know, we always enjoy getting a letter from Dave, because his hand-writing is so beautiful. We still think he should go to work for a Lithographing outfit when he gets back---scrypt-writing for diplomas, and so forth. We're not kidding--they're crying for guys with beautiful penmanship, to write on these parchment scrolls, and so forth. Think it over, Dave!

Thought you fellas might like to know that your good ol' Byline is changing addresses---after Monday, we'll be at 105 Visitacion--where the Mile's Family Shoe Store used to be. There, we'll be able to post your pictures and cards a lot better---not much room here where we are! 'Bye now---YE EDITOR

LOCAL BUS DRIVER ON "SKIDS"!

Kay (Glenn) Ivey, of 171 San Benito Road, and better known as the morning Bus Driver here, has pictoral proof that she has been "on skiis"! Said picture was taken the weekend of February 29th, at Stateline Lodge in Nevada, when she took a "bus trip" to the ski resort, in the company of daughter Marilyn Glenn, and Carol & Joan Carrigan. While there, Carol was honored by being crowned Snow Queen, and is to compete again March 15th (this Saturday) in order to hold the title. Congratulations, Carol. And Congratulations to you, too, Kay---on getting pictoral proof of your prowess. (But we understand that bruises are a dime a dozen those days---one can get them most ANYwhere, anytime!)

BYLINE TO CHANGE ADDRESS:

As editor of your weekly newsette, the BYLINE weekly, we have found our present quarters rather cramped and inconvenient---so, to the mutual agreement of future landlord, Dr. Guardino, and to myself---the Byline offices will henceforth be located at 105 Visitacion Avenue, the former location of Milo's Family Shoe Store, and of Mary's Barber Shop. The move will be made over this coming weekend--and we hope to be in and settled by the time the next issue of the BYLINE is out and published.

The quarters at 105 Visitacion will allow your editor to display items for sale---and it is hoped that present negotiations with Brown's Stationery Store in South San Francisco, and the Portola Press in San Francisco, are fulfilled to the extent that the Byline will become the agent of the two above-mentioned establishments. If such is to be the case, you will find the Byline a handy headquarters for such things as office supplies; school supplies; greeting cards; stationery; paints and inks for show-cards and posters; and for printing and Lithographing. Later, we intend to put in our own ample supply of books, and we'll have a lending library of the latest best-sellers. In the not-so-distant future, perhaps we will open a book-mart here, in which you may trade books and magazines for some you have not read. We also intend to have a large bulletin board, for the convenience of you who may have announcements to make to the general public. And the Servicemen's pictures will be remounted into a more attractive display at the new address.

Hoping to greet you all at the new address---105 Visitacion---early next week, please be sure you will be welcomed to come in and look around. And don't forget---April 18th, 1952, is the big day for the Byline---that will be our second anniversary, and will mark the 100th issue of the Byline printed since it's first issue back in 1950. Merchants are asked to call DELAWARE 3-0232 for ad space for this big free issue. --YE EDITOR, Gladys Rogoo

REPORT FROM S.M. CO. COMMUNITY CHEST:

Glen O. Smallcomb, president of the Community Chest of San Mateo County, announced recently the appointment of Roswell J. Caulk, as Executive Secretary effective immediately. Caulk replaces Pearl H. Volkmore, who resigned recently to reenter the education field in California. Caulk comes from Seattle, Wash., where he has been a member of the executive staff of the Seattle Community Chest for the past five years. He received his appointment last Monday evening, at which time the Board of Directors also approved changes in the By-Laws, which increases the number of vice-presidents from one to three, and the number of Directors from 30 to 36. Added vice-presidents are W. Paul Whaley, of Redwood City, and Donald Grant of San Mateo. New Board members are Stanley Hiller, Jr., of Atherton; Harold E. Gray of Hillsborough; and Kenneth M. Howes, of Burlingame.

JUDGE BOCCI DEPLORES SUPERIOR CT. CONDITIONS:

Judge Thomas A. Bocci, Jr., candidate for office of Municipal Judge, Municipal Court for Northern San Mateo County, has noted in a formal statement for press release, that the conditions now prevalent in our Superior Court, with respect to the condition of the calendar, is deplorable and results in a miscarriage of justice.

It appears that there is a waiting period of some 18 months before cases come to trial in our Redwood City Superior Court. Many times the result is that witnesses are gone, or memories are inaccurate, and the result is that many times innocent people are caused to suffer in consequence.

The County Bar Association is hoping to rectify this and our three Superior Courts are working long hours in order to alleviate the congested trial calendar.

The only solution is the creation of two more departments for our Superior Court, according to Bocci. Our county had two Judges when there were only 60,000 residents, and with a population of over 250,000 residents at the present time, there should be at least 5 department of our Superior Court to properly dispose of the business of this Court.

The newly created Municipal Court to be established in 1952, will alleviate the present conditions to some extent. However, this will not eliminate the necessity for five departments in our Superior Court.

This is a matter most vital to our people, said Bocci, and some action should be taken to effect a proper solution which will provide us with sufficient departments of our Superior Court to handle the load of trial work now pending before the Courts.

NEW RAID TEST PLAN OFFERED:

At least one air raid alert will be held each month in San Mateo County to eliminate the failures of the past two months. This was decided upon at the meeting held last Thursday night, March 6th, 1952, at Redwood City, of the joint county-cities civilian defense planning board, presided over by Capt. C. J. Ballreich, county civil defense coordinator. Attending the meeting, and representing Brisbane, was civil defense chairman John W. Smith, of 360 San Bruno Avenue, and Warden Warren L. Reece, of 472 Sierra Point Road.

Supervisor Edw. R. McDonald, chairman of the joint planning board, showed clippings of the last test, showing that it was a total "flop". The monthly alert is to remedy this, it is hoped.

GIVE TO THE RED CROSS. HELP THEM TO HELP YOU!!

WHY BUY FROM AN AGENT???

"I buy my insurance from an agent or broker for the same reason that I buy my honey from a grocer rather than from a bee. While I might save money by dealing directly with the bee--there's a good possibility that my lack of training, knowledge, and experience would result in my getting stung! Why should I gamble on my own trial and error method, when I can secure the services of a man who has devoted years to the study and application of all the different coverages required by all the different people for their different needs?

"My broker surveys my home and business life---shows me where the risks are, and explains how I can best protect myself. He has a vast market from which to obtain whatever types of insurance I need. He has the benefits offered by various agents and brokers associations which provide him with educational programs, timely information in regard to changes in coverage and procedure, and explanation of state and federal laws that apply to insurance."--(from an excerpt in the CALIFORNIA AGENCY BULLETIN.)---

FOUR JEFF HI FOOTSTERS HIT ALL-P.A.L.:

In last week's issue of the Byline, we made it sound like there was only one or two All-P.A.L. players at Jefferson Union High School. A film on Hillcrest Juvenile Home will be shown. Mrs. Milton Jenson, of Brisbane, the Jefferson Union High School P.T.A. president, in extending invitation for parents to hear Cowgill, said--"This will afford fine opportunity to learn first hand what is being done on the subject of juvenile delinquency throughout the county.
